

A Cross-Sectional Evaluation of Knowledge of Medicine Safety and Frequency of Reading Medication Leaflets and Its Predictors – Insights From Saudi Adults in Riyadh, Saudi Arabia [Corrigendum]

Alghamdi A, Qadhi OA, Syed W, Samarkandi OA, Basil A Al-Rawi M. *Int J Gen Med.* 2024;17:175—186.

The authors have advised affiliation 1 on page 175 is incorrect. The correct affiliation should read “¹Department of Community and Mental Health, College of Nursing, King Saud University, Riyadh, 11451, Saudi Arabia”.

The authors apologize for this error.

Publish your work in this journal

The International Journal of General Medicine is an international, peer-reviewed open-access journal that focuses on general and internal medicine, pathogenesis, epidemiology, diagnosis, monitoring and treatment protocols. The journal is characterized by the rapid reporting of reviews, original research and clinical studies across all disease areas. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
