

Commentary on “Working Memory Load-Dependent Cortical Mechanism of Distraction Analgesia in Healthy Individuals: An fNIRS Study” [Letter] [Corrigendum]

Jia T, Li L, Sun J. *J Pain Res.* 2025;18:6745—6747.

The authors have advised there is an error in the affiliation and correspondence address on page 6745. The department “Department of Orthopedics” should read “Department of Acupuncture and Rehabilitation”.

The authors apologize for these errors.

Publish your work in this journal

The Journal of Pain Research is an international, peer reviewed, open access, online journal that welcomes laboratory and clinical findings in the fields of pain research and the prevention and management of pain. Original research, reviews, symposium reports, hypothesis formation and commentaries are all considered for publication. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
