### Funding

This work was supported by the Chongqing Talent Cultivation Program (cstc2021ycjh-bgzxm0275), the Key Project of the Chongqing Science & Technology Bureau (cstc2020jscx-cylhX0001), Chongqing Medical Scientific Research project (joint project of Chongqing Health Commission and Science and Technology Bureau) 2024MSXM149, and the Chongqing Key Public Health Disciplines Improvement Project.

The authors apologize for this error.

### Publish your work in this journal

Infection and Drug Resistance is an international, peer-reviewed open-access journal that focuses on the optimal treatment of infection (bacterial, fungal and viral) and the development and institution of preventive strategies to minimize the development and spread of resistance. The journal is specifically concerned with the epidemiology of antibiotic resistance and the mechanisms of resistance development and diffusion in both hospitals and the community. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
