

CORRIGENDUM

The effect of food and liquid pH on the integrity of enteric-coated beads from cysteamine bitartrate delayed-release capsules [Corrigendum]

Pavloff N, Hauser TA, Williams C, et al. *Drug Des Devel Ther.* 2018;12:2795–2804.

On page 2796, Introduction section, left column, second paragraph, the sentence "...4 ounces of suitable foods or delivered via a gastronomy tube;..." should read "...4 ounces of suitable foods or delivered via a gastrostomy tube;...".

On page 2803, Conclusion section, second sentence, the sentence "A warning from this study... with pH values (eg, mashed potatoes, baby formula, and unflavored oral rehydration solution)." should read "A warning from this study... with pH values >5.5 (eg, mashed potatoes, baby formula, and unflavored oral rehydration solution)."

Drug Design, Development and Therapy

Publish your work in this journal

Drug Design, Development and Therapy is an international, peer-reviewed open-access journal that spans the spectrum of drug design and development through to clinical applications. Clinical outcomes, patient safety, and programs for the development and effective, safe, and sustained use of medicines are the features of the journal, which

has also been accepted for indexing on PubMed Central. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
