

A Comparison Between Dexlansoprazole Modified Release–Based And Lansoprazole-Based Nonbismuth Quadruple (Concomitant) Therapy For First-Line *Helicobacter pylori* Eradication: A Prospective Randomized Trial [Corrigendum]

Tai WC, Liang CM, Bi KW, et al. *Infect Drug Resist.* 2019;12:2923–2931.

Following a review of our paper post-publication, we found under the ethics approval and informed consent

section on page 2929, the IRB number is incorrect. The correct statement is “This study’s protocol was approved by the institutional review board and the ethics committee of Chang Gung Memorial Hospital (IRB 201601061A3)”. The authors apologize for this error.

Publish your work in this journal

Infection and Drug Resistance is an international, peer-reviewed open-access journal that focuses on the optimal treatment of infection (bacterial, fungal and viral) and the development and institution of preventive strategies to minimize the development and spread of resistance. The journal is specifically concerned with the epidemiology of

antibiotic resistance and the mechanisms of resistance development and diffusion in both hospitals and the community. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
