

Genetically Predicted Cigarette Smoking in Relation to Risk of Polycystic Ovary Syndrome [Corrigendum]

Tao Y, Liu B, Chen Y, et al. *Clin Epidemiol.* 2021;13:527–532. The authors apologize for this error.

The authors have advised there is an error in affiliation 1 on page 527. “Tongde Hospital” should read “Tongde Hospital of Zhejiang Province”.

Publish your work in this journal

Clinical Epidemiology is an international, peer-reviewed, open access, online journal focusing on disease and drug epidemiology, identification of risk factors and screening procedures to develop optimal preventative initiatives and programs. Specific topics include: diagnosis, prognosis, treatment, screening, prevention, risk factor modification,

systematic reviews, risk & safety of medical interventions, epidemiology & biostatistical methods, and evaluation of guidelines, translational medicine, health policies & economic evaluations. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use.
