

A Prospective, Open-Label Study to Evaluate the Impact of VYC-12L Injection on Skin Quality Attributes in Healthy Volunteers [Corrigendum]

Safa M, Natalizio A, Hee CK. *Clin Cosmet Investig Dermatol*. 2022;15:411-426.

The authors have advised there is an error in Table 2 on page 417. The value “0.3 (1.3)” in the Probe S hydration rate: A. U. (SEM) row for Moisturemeter®, Month 1, VYC-12L column should read “0.8 (1.3)”.

The authors apologize for this error and advise it does not affect the results of the paper.

Publish your work in this journal

Clinical, Cosmetic and Investigational Dermatology is an international, peer-reviewed, open access, online journal that focuses on the latest clinical and experimental research in all aspects of skin disease and cosmetic interventions. This journal is indexed on CAS. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
