

# How Can We Best Diagnose Severity Levels of Dry Eye Disease: Current Perspectives [Corrigendum]

Chester T, Garg S, Johnston J, Ayers B, Gupta P. *Clin Ophthalmol*. 2023;17:1587–1604.

Page 1587, author list, the text “Brandon Ayers” should read “Brandon Ayres”.

The authors have also advised the units of measurement for Lactoferrin in Figure 1 on page 1597 is incorrect. The correct Figure 1 is shown below.

**Figure 1** (A and B) Identification and management of aqueous-deficient dry eye. (C and D) Identification and management of evaporative dry eye.

The authors apologize for this error and advise it does not affect the results of the paper.

## Clinical Ophthalmology

Dovepress

**Publish your work in this journal**

Clinical Ophthalmology is an international, peer-reviewed journal covering all subspecialties within ophthalmology. Key topics include: Optometry; Visual science; Pharmacology and drug therapy in eye diseases; Basic Sciences; Primary and Secondary eye care; Patient Safety and Quality of Care Improvements. This journal is indexed on PubMed Central and CAS, and is the official journal of The Society of Clinical Ophthalmology (SCO). The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
