

Combined Nutrition with Exercise: Fueling the Fight Against Sarcopenia Through a Bibliometric Analysis and Review [Corrigendum]

Zeng Y, He X, Peng X, Zhao L, Yin C, Mao S. *Int J Gen Med*. 2024;17:1861–1876.

The authors have advised that they neglected to include a funding statement on page 1873 of the published paper. The funding statement should read as follows.

Funding

This research was co-funded by the National Key R&D Program of China (2022YFC3600201), the Second “Double Hundred” Young and Middle-aged Healthcare Top Talents of Wuxi City, China (HB2023123) and the Jiangsu Provincial Health Commission’s project on the study of muscle decay syndrome in elderly people in the community based on the IOT cloud platform MTT exercise rehabilitation training (Z2022019).

The authors apologize for this error.

Publish your work in this journal

The International Journal of General Medicine is an international, peer-reviewed open-access journal that focuses on general and internal medicine, pathogenesis, epidemiology, diagnosis, monitoring and treatment protocols. The journal is characterized by the rapid reporting of reviews, original research and clinical studies across all disease areas. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
