

circPDSSI Stimulates the Development of Colorectal Cancer via Activating the Wnt/ β -Catenin Signaling [Retraction]

Fang Q, Yang A, Dong A, Zhao L. *Onco Targets Ther.* 2020;13:6329–6337.

their original data and have therefore agreed to retract the article.

The Editor and Publisher of *OncoTargets and Therapy* wish to retract the published article. Concerns were raised regarding the integrity of the data presented in Figure 1 and the % values reported in Table 1. The authors responded to our queries and agreed there were errors with the data but were unable to verify

Our decision-making was informed by our policy on publishing ethics and integrity and the COPE guidelines on retraction.

The retracted article will remain online to maintain the scholarly record, but it will be digitally watermarked on each page as “Retracted”.

Publish your work in this journal

OncoTargets and Therapy is an international, peer-reviewed, open access journal focusing on the pathological basis of all cancers, potential targets for therapy and treatment protocols employed to improve the management of cancer patients. The journal also focuses on the impact of management programs and new therapeutic

agents and protocols on patient perspectives such as quality of life, adherence and satisfaction. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
