

Identification of a circRNA/miRNA/mRNA ceRNA Network as a Cell Cycle-Related Regulator for Chronic Sinusitis with Nasal Polyps [Corrigendum]

Sun Q, Liu Z, Xu X, et al. *J Inflamm Res*. 2022;15:2601–2615.

The authors have advised there is an error in Figure 7 on page 2611. The labels “nucleus” and “cytoplasm” in figure part A were mistakenly interchanged and should read “cytoplasm” on the left and “nucleus” on the right instead.

The authors apologize for this error.

Publish your work in this journal

The Journal of Inflammation Research is an international, peer-reviewed open-access journal that welcomes laboratory and clinical findings on the molecular basis, cell biology and pharmacology of inflammation including original research, reviews, symposium reports, hypothesis formation and commentaries on: acute/chronic inflammation; mediators of inflammation; cellular processes; molecular mechanisms; pharmacology and novel anti-inflammatory drugs; clinical conditions involving inflammation. The manuscript management system is completely online and includes a very quick and fair peer-review system. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
