

CRISPRi-Mediated Gene Suppression Reveals Putative Reverse Transcriptase Gene PA0715 to Be a Global Regulator of *Pseudomonas aeruginosa* [Corrigendum]

Zhou D, Huang G, Xu G, et al. *Infect Drug Resist.* 2022;15:7577–7599.

The authors have advised that the funding statement on page 7596 is incorrect. The text “(Grant No. 8196080379 and 8217081828, respectively)” should read “(Grant No. 81960353 and 82172238, respectively)”.

The authors apologize for this error.

Publish your work in this journal

Infection and Drug Resistance is an international, peer-reviewed open-access journal that focuses on the optimal treatment of infection (bacterial, fungal and viral) and the development and institution of preventive strategies to minimize the development and spread of resistance. The journal is specifically concerned with the epidemiology of antibiotic resistance and the mechanisms of resistance development and diffusion in both hospitals and the community. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
