

1. Does your program incorporate Micro-invasive glaucoma surgery (MIGS) into its surgical curriculum?

YES NO

2. Do you think MIGS training should be included in ACGME requirements?

YES NO

3. What percentage of glaucoma surgery is taught by fellowship trained glaucoma surgeons at your institution? Please circle the percentage range.

0% 1-25% 26-50% 51-75% 76-100%

4. Please check all the MIGS techniques taught at your residency program.

- iStent
- Trabectome
- Kahook blade
- CyPass Micro-Stent
- XEN Glaucoma Implant
- Endocyclophotocoagulation (ECP)
- Gonioscopy-Assisted Transluminal Trabeculotomy (GATT)
- Trab360
- Other. Please specify: _____

For questions 5 and 6, "primary surgeon" is defined as a trainee completing the entire operation or the clear majority of the operation, with or without supervision.

5. Of the MIGS procedures a resident is exposed to during that year of training*, please circle your best estimate of the number of which they observe, assist, and perform as the primary surgeon.

	Observe				Assist				Primary Surgeon			
PGY-1	0-5	5-10	10-15	>15	0-5	5-10	10-15	>15	0-5	5-10	10-15	>15
PGY-2	0-5	5-10	10-15	>15	0-5	5-10	10-15	>15	0-5	5-10	10-15	>15
PGY-3	0-5	5-10	10-15	>15	0-5	5-10	10-15	>15	0-5	5-10	10-15	>15

*In the context of this survey, PGY1, 2, and 3 referred to 1st, 2nd, and 3rd year ophthalmology residents

PLEASE TURN OVER!

6. Please circle your best estimate of the number of each type of MIGS procedure performed as primary surgeon by a resident by graduation.

Endocyclophotocoagulation (ECP)	0	1-5	5-10	10-15	>15
Kahook blade	0	1-5	5-10	10-15	>15
Trabectome	0	1-5	5-10	10-15	>15
iStent	0	1-5	5-10	10-15	>15
CyPass Micro-Stent	0	1-5	5-10	10-15	>15
XEN Glaucoma Implant	0	1-5	5-10	10-15	>15
GATT	0	1-5	5-10	10-15	>15
Trab360	0	1-5	5-10	10-15	>15

7. Please circle the percentage of MIGS surgeries performed by residents at the following locations:

Main Facility/Home Institution	0-20%	21-40%	41-60%	61-80%	81-100%
VA Hospital	0-20%	21-40%	41-60%	61-80%	81-100%
Out of State	0-20%	21-40%	41-60%	61-80%	81-100%
Out of Country	0-20%	21-40%	41-60%	61-80%	81-100%

8. Which of the following are barriers to integrating MIGS into your residency curriculum? Please check all that apply.

- Current faculty not trained in MIGS
- Technology unavailable at our institution
- Insufficient number of appropriate surgical candidates
- Do not feel it is important
- Other Please specify: _____

9. Do residents receive didactic training in MIGS? YES NO

10. Do residents receive wet lab training in MIGS? YES NO

PLEASE TURN OVER!

11. If yes, please check all that apply for wet lab training:

- iStent
- Trabectome
- Kahook blade
- CyPass Micro-Stent
- XEN Glaucoma Implant
- Endocyclophotocoagulation (ECP)
- Gonioscopy-Assisted Transluminal Trabeculotomy (GATT)
- Trab360
- Other. Please specify: _____

12. How confident are you in a resident's ability to perform MIGS by the time of graduation from your residency program? Please Circle.

Extremely
confident

Quite
confident

Somewhat
confident

Slightly
confident

Not
confident at all

13. Please leave any questions or comments below:

Thank you!
