CORRIGENDUM

Corrigendum

Millholland JM, Li S, Fernandez CA, Shuber AP. Detection of low frequency *FGFR3* mutations in the urine of bladder cancer patients using next-generation deep sequencing. *Research and Reports in Urology*; 2012;4:33–40.

“Small-molecule *FGFR3*” on pages 37 and 38 in the published paper is incorrect:

The correct term should read:

“Single-molecule *FGFR3*.”

The abbreviation keys for Table 4 and Table 5 on page 38 incorrectly indicate smFGFR3 is an abbreviation of small-molecule *FGFR3*.

The correct meaning of smFGFR3 is single-molecule *FGFR3*

Research and Reports in Urology

Dovepress

Publish your work in this journal

Research and Reports in Urology is an international, peer-reviewed, open access journal publishing original research, reports, editorials, reviews and commentaries on all aspects of adult and pediatric urology in the clinic and laboratory including the following topics: Pathology, pathophysiology of urological disease; Investigation and treatment of

urological disease; Pharmacology of drugs used for the treatment of urological disease. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
