CORRIGENDUM

Probing the mechanical properties of TNF-α stimulated endothelial cell with atomic force microscopy [Corrigendum]

Lee SY, Zaske AM, Novellino T, et al. Probing the mechanical properties of TNF- α stimulated endothelial cell with atomic force microscopy. *Int J Nanomedicine*. 2011;6:179–195.

The authors apologize that the referencing for Table 1 on page 186 was incorrect, the following corrections should be noted:

8 should be 42

- 40 should be 43
- 18 should be 44
- 42 should be 45
- 9 should be 46
- 12 should be 47
- 29 should be 48
- 44 should be 49
- 23 should be 50
- 36 should be 16
- 37 should be 18

Further, the following references were missed from the reference list on page 189.

International Journal of Nanomedicine

Dovepress

Publish your work in this journal

The International Journal of Nanomedicine is an international, peerreviewed journal focusing on the application of nanotechnology in diagnostics, therapeutics, and drug delivery systems throughout the biomedical field. This journal is indexed on PubMed Central, MedLine, CAS, SciSearch®, Current Contents®/Clinical Medicine, Journal Citation Reports/Science Edition, EMBase, Scopus and the Elsevier Bibliographic databases. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit http://www.dovepress.com/testimonials.php to read real quotes from published authors.
