

RETRACTION

A cross-sectional study on perception of stigma by Chinese schizophrenia patients [Retraction]

Ren Z, Wang H, Feng B, et al. A cross-sectional study on perception of stigma by Chinese schizophrenia patients. *Neuropsychiatric Disease and Treatment*. 2014;10:535–540.

After many attempts over an extended period we were advised by the authors that they were unable to provide access to the underlying data. As a result we have been unable to assuage our serious concerns about the accuracy of the statistical analyses and Drs Pinder and Tang have decided to retract this paper.

Publish your work in this journal

Neuropsychiatric Disease and Treatment is an international, peer-reviewed journal of clinical therapeutics and pharmacology focusing on concise rapid reporting of clinical or pre-clinical studies on a range of neuropsychiatric and neurological disorders. This journal is indexed on PubMed Central, the 'PsycINFO' database and CAS,

and is the official journal of The International Neuropsychiatric Association (INA). The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
