On page 215, the first sentence of the Introduction was “Psoriasis is a chronic inflammatory disease of the skin characterized by exacerbations and remissions affecting 1%–3% of the world’s population, and approximately 20% of patients have moderate to severe disease.” However should have been “Psoriasis is a chronic inflammatory disease of the skin characterized by exacerbations and remissions affecting 1%–3% of the world’s population. Approximately 20% of patients have moderate to severe disease.”

On page 217, 219, and 221 the running header was “Itolizumab – aCD6 monoclonal antibody for the treatment of psoriasis” however should have been “Itolizumab – a humanized anti CD6 monoclonal antibody for the treatment of psoriasis”.

On page 218, Table 1, the second column heading was listed as “Anand et al25 n=40 (moderate–severe psoriasis)” however should have been “Anand et al25 n=40/32 weeks (moderate–severe psoriasis)”.

Submit your manuscript here: http://www.dovepress.com/clinical-cosmetic-and-investigational-dermatology-journal

Clinical, Cosmetic and Investigational Dermatology is an international, peer-reviewed, open access, online journal that focuses on the latest clinical and experimental research in all aspects of skin disease and cosmetic interventions. All areas of dermatology will be covered; contributions will be welcomed from all clinicians and basic science researchers globally. This journal is indexed on CAS. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit http://www.dovepress.com/testimonials.php to read real quotes from published authors.
