

Traumatic corneal flap displacement after laser in situ keratomileusis (LASIK) [Erratum]

Tsai TH, Peng KL, Lin CJ. *International Medical Case Reports Journal*. 2017;10:143–148

On page 144, right column, last paragraph, “Informed consent was obtained from the patient for publication of this case report and accompanying images. The ethics committee of did not require written informed consent be obtained from the patient because” should have read “Written informed consent was obtained from the patient for publication of this Case Report and accompanying images”.
