## Corrigendum

### Corrected citation

Uen S, Fimmers R, Weisser B, Balta O, Nickenig G, Mengden T. 2008. ST segment depression in hypertensive patients: A Comparison of exercise test versus Holter ECG. *Vascular Health Risk Manage*, 4(5):1073–1080.

### Note

Dr. Thomas Mengden was omitted as senior author and Dr. Johannes Baulmann was included as an author in the original publication.
