Engineered exosome-mediated delivery of functionally active miR-26a and its enhanced suppression effect in HepG2 cells [Erratum]

On page 586, the 1st heading, right hand column should read “Materials and methods” instead of “Patients and methods”.

Journal name: International Journal of Nanomedicine
Article Designation: Erratum
Year: 2018
Volume: 13
Running head verso: Liang et al
Running head recto: Engineered exosome-mediated delivery of functionally active miR-26a
DOI: 178282
