

Orbital decompression in the system of treatment for complicated thyroid eye disease: case report and literature review [corrigendum]

Ismailova DS, Belovalova IM, Grusha YO, Sviridenko NY.

Int Med Case Rep J. 2018;11;243–249.

The “Acknowledgment” section was presented incorrectly, it should be as follows:

Acknowledgment

This publication has been supported by the Russian Science Foundation (grant No 17-75-30035). The authors acknowledge Dr Yury I Philippov for the help in formatting the manuscript and for submitting it to the journal.

Publish your work in this journal

The International Medical Case Reports Journal is an international, peer-reviewed open-access journal publishing original case reports from all medical specialties. Previously unpublished medical posters are also accepted relating to any area of clinical or preclinical science. Submissions should not normally exceed 2,000 words or

4 published pages including figures, diagrams and references. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.

Submit your manuscript here: <https://www.dovepress.com/international-medical-case-reports-journal-journal>
