

Intraductal meibomian gland probing: background, patient selection, procedure, and perspectives [Erratum]

Maskin SL, Alluri S. *Clin Ophthalmol*. 2019;13:1203–1223.

The author has advised that errors have been detected in the references cited throughout the paper. These issues were introduced throughout the production process of this paper. The issues are outlined as follows:

On page 1204, left column, line 13, the cited reference “23” should be “24”.

On page 1204, left column, Concepts section, line 7, the cited references “21,24” should be “21,25”.

On page 1204, left column, Concepts section, line 10, the cited references “21,23–29” should be “21,25–30”.

On page 1204, right column, line 4, the cited references “30–33” should be “31–34”.

On page 1204, right column, line 13, the cited references “3,21,23–27,33–37” should be “3,21,24–28,35,36”.

On page 1204, right column, line 33, the cited reference “24” should be “25”.

On page 1212, left column, line 11, the cited reference “42” should be “27,42”.

On page 1212, left column, line 44, the cited reference “6” should be “7”.

On page 1212, right column, Symptomatic patients section, line 2, the cited references “3–22” should be “3–23”.

On page 1213, right column, line 6, the cited references “3,21,23–27” should be “3,4,21,25–28”.

On page 1213, right column, line 15, the cited reference “24” should be “25”.

On page 1216, right column, Management strategy after probing section, line 7, the cited reference “37” should be “3,7”.

On page 1217, left column, Perspectives (plus selected fundamentals) section, line 12, the cited reference “23” should be “24”.

On page 1217, right column, line 42, the cited reference “24” should be “25”.

On page 1220, left column, line 14, the cited reference “24” should be “25”.

Publish your work in this journal

Clinical Ophthalmology is an international, peer-reviewed journal covering all subspecialties within ophthalmology. Key topics include: Optometry; Visual science; Pharmacology and drug therapy in eye diseases; Basic Sciences; Primary and Secondary eye care; Patient Safety and Quality of Care Improvements. This journal is indexed on PubMed

Central and CAS, and is the official journal of The Society of Clinical Ophthalmology (SCO). The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
