

CORRIGENDUM

A two-layer skin construct consisting of a collagen hydrogel reinforced by a fibrin-coated polylactide nanofibrous membrane [Corrigendum]

Bacakova M, Pajorova J, Broz A, et al. *Int J Nanomedicine*. 2019;14:5033–5050.

On page 5047, the grant funding, namely the sentences “MB, JP, AB, VJ and LB received grants from the Grant Agency of the Czech Republic (grant No. 17-0244S). JP received a grant from the Grant Agency of Charles University in Prague (grant No. 756218). AZ and LV received funding from the project ‘Fighting Infectious Diseases’, awarded by the MEYS CR, financed from EFRR (grant No. CZ.02.1.01/0.0/0.0/16_019/0000787). MB received a postdoctoral fellowship awarded by the Czech Academy of Sciences (reg. No. L200111752)” are included in the Disclosure section, and not in the Acknowledgement, as in the original version of the manuscript.

Moreover, they are followed by the sentence “The authors report no other conflicts of interest in this work”, which suggests that the grant funding is a conflict of interest. However, the mentioned sentences on the grant funding are not any declaration of conflict of interest, but it is an acknowledgement for grant agencies for providing us with grants.

In addition, the number of the grant provided by the Grant Agency of the Czech Republic is mistyped. The right grant number is 17-02448S.

Therefore, the sections should read as follows:

Acknowledgement

This study was supported by the Grant Agency of the Czech Republic (grant No. 17-02448S; MB, JP, AB, VJ and LB), by the Grant Agency of Charles University in Prague (grant No. 756218; JP) and by the project “Fighting Infectious Diseases”, awarded by the MEYS CR, financed from EFRR (grant No. CZ.02.1.01/0.0/0.0/16_019/0000787; AZ, LV). We further acknowledge the BioImaging Facility, Institute of Physiology of the Czech Academy of Sciences, Prague, Czech Republic (supported by Czech-BioImaging large RI project No. LM2015062, funded by the Ministry of Education, Youth and Sports, Czech Republic), and the Light Microscopy Core Facility, Institute of Molecular Genetics of the Czech Academy of Sciences, Prague, Czech Republic (supported by MEYS LM2015062, CZ.02.1.01/0.0/0.0/16_013/0001775, OPVK CZ.2.16/3.1.00/21547 and MEYS LO1419), for their support with the [confocal/widefield/superresolution imaging/image analysis] presented here. MB expresses her thanks for her postdoctoral fellowship awarded by the Czech Academy of Sciences (reg. No. L200111752). The group of Dr. Tomas Suchy, from Institute of Rock Structure and Mechanics of the Czech Academy of Sciences, is acknowledged for providing us with isolated collagen of type I. Mr. Robin Healey (Czech Technical University in Prague) is gratefully acknowledged for his language revision of the manuscript.

Disclosure

The authors report no conflicts of interest in this work.

International Journal of Nanomedicine

Dovepress

Publish your work in this journal

The International Journal of Nanomedicine is an international, peer-reviewed journal focusing on the application of nanotechnology in diagnostics, therapeutics, and drug delivery systems throughout the biomedical field. This journal is indexed on PubMed Central, MedLine, CAS, SciSearch®, Current Contents®/Clinical Medicine,

Journal Citation Reports/Science Edition, EMBase, Scopus and the Elsevier Bibliographic databases. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
