CORRIGENDUM

ATP-Binding Cassette Transporter AI (ABCA I) Expression in Adipose Tissue and Its Modulation with Insulin Resistance in Obesity [Corrigendum]

Vincent V, Thakkar H, Aggarwal S, et al. *Diabetes Metab Syndr Obes*. 2019:12;275–284.

On page 283, the Acknowledgements section should be presented as follows:

The authors would like to acknowledge Dr Manjunath Maruti Pol, Dr Harshit Garg and Dr Abhineet KP for helping with the collection of adipose tissue samples and Mr Rintu Kutum for helping with the statistical analysis. Dr Vincent would like to acknowledge the contributions of Dr Anurag Kumar, Dr Ambrish Tiwari and Dr Prajwal Aathreya. This study was supported by The Science & Engineering Research Board (SERB), Department of Science and Technology (DST), India (reference number: EMR/2016/006018) and intramural research grant from All India Institute of Medical Sciences, New Delhi to Dr Archna Singh. The sponsors did not have any role in any of the stages from study design to submission of the paper for publication.

Following a review of the paper post-publication, the authors found an incorrect sentence in the Acknowledgements section: "This study was supported by an intramural research grant from All India Institute of Medical Sciences, New Delhi to Dr Archna Singh." This sentence is now shown correctly as "This study was supported by The Science & Engineering Research Board (SERB), Department of Science and Technology (DST), India (reference number: EMR/2016/006018) and intramural research grant from All India Institute of Medical Sciences, New Delhi to Dr Archna Singh".

Diabetes, Metabolic Syndrome and Obesity: Targets and Therapy

Dovepress

Publish your work in this journal

Diabetes, Metabolic Syndrome and Obesity: Targets and Therapy is an international, peer-reviewed open-access journal committed to the rapid publication of the latest laboratory and clinical findings in the fields of diabetes, metabolic syndrome and obesity research. Original research, review, case reports, hypothesis formation, expert opinion and commentaries are all considered for publication. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit http://www.dovepress.com/testimonials.php to read real quotes from published authors.
