EXPRESSION OF CONCERN

Amino Acid-Responsive Crohn’s Disease: A Case Study [Expression of Concern]

The Editor-in-Chief and Publisher of Clinical and Experimental Gastroenterology wish to issue an Expression of Concern for the published article.

Concerns have been raised regarding the alleged undisclosed competing interests of some of the authors, and the level of information provided on methodology and study data for the published article. Clinical and Experimental Gastroenterology would like to alert readers of this while our investigation is still ongoing and we will provide an update following the conclusion of our investigation.

The authors have been informed of these concerns and of our investigation.
