The Discrediting of the Monoamine Hypothesis [Expression of Concern]

Hinz M, Stein A, Uncini T. *Int J Gen Med*. 2012;5:135–142.

The Editor-in-Chief and Publisher of *International Journal of General Medicine* wish to issue an Expression of Concern for the published article.

Concerns have been raised regarding the alleged undisclosed competing interests of some of the authors, and the level of information provided on methodology, study

data and process of institutional ethical approval for the published article. *International Journal of General Medicine* would like to alert readers of this while our investigation is still ongoing and we will provide an update following the conclusion of our investigation.

The authors have been informed of these concerns and of our investigation.

International Journal of General Medicine
