

Epidemiologic and Clinical Characteristics of 26 Cases of COVID-19 Arising from Patient-to-Patient Transmission in Liaocheng, China [Corrigendum]

Wang L, Duan Y, Zhang W, et al. *Clin Epidemiol*. 2020;12:387–391.

Page 388, left column, last sentence of the first paragraph, the text “Here we report early clinical features of 25 patients with confirmed COVID-19 who were admitted to Liaocheng Infectious Disease Hospital in Shandong Province” should read “Here we report early clinical features of 26 patients with confirmed COVID-19 who were admitted to Liaocheng Infectious Disease Hospital in Shandong Province”.

Page 389, Discussion section, first sentence, the text “We report here a cohort of 25 cases of laboratory-confirmed COVID-19 at our hospital caused by patient-to-patient transmission of 2019-nCoV” should read “We report here a cohort of 26 cases of laboratory-confirmed COVID-19 at our hospital caused by patient-to-patient transmission of 2019-nCoV”.

The authors apologize for these errors.

Publish your work in this journal

Clinical Epidemiology is an international, peer-reviewed, open access, online journal focusing on disease and drug epidemiology, identification of risk factors and screening procedures to develop optimal preventative initiatives and programs. Specific topics include: diagnosis, prognosis, treatment, screening, prevention, risk factor modification,

systematic reviews, risk & safety of medical interventions, epidemiology & biostatistical methods, and evaluation of guidelines, translational medicine, health policies & economic evaluations. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use.
