

Inflammatory Bowel Disease Epidemiology in São Paulo State, Brazil [Corrigendum]

Gasparini RG, Sasaki LY, Saad-Hossne R. *Clin Exp Gastroenterol.* 2018;11:423–429. The authors apologize for this error.

The authors have advised there is an error in Figure 1 on page 425. The age groups are in reverse order. The correct Figure 1 is shown below.

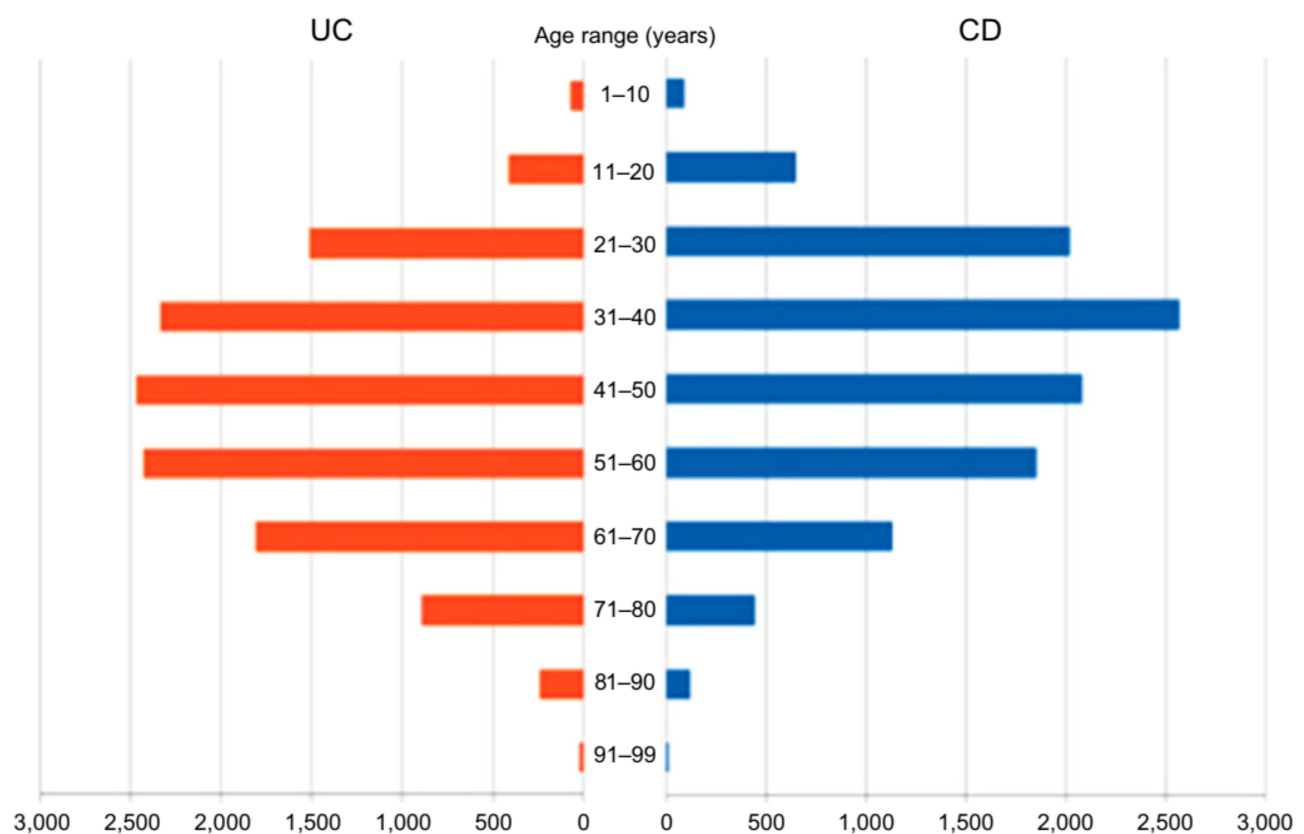

Figure 1 Distribution of patients with CD (n=10,451) and UC (n=12,187) by age in the State of São Paulo (Brazil) for the period of 2012–2015.

Abbreviations: CD, Crohn's disease; UC, ulcerative colitis.

Publish your work in this journal

Clinical and Experimental Gastroenterology is an international, peer-reviewed, open access, online journal publishing original research, reports, editorials, reviews and commentaries on all aspects of gastroenterology in the clinic and laboratory. This journal is indexed on American Chemical Society's Chemical Abstracts Service (CAS).

The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
