

CORRIGENDUM

Segmentation and Removal of Fibrovascular Membranes with High-Speed 23 G Transconjunctival Sutureless Vitrectomy, in Severe Proliferative Diabetic Retinopathy [Corrigendum]

Celik E, Sever O, Horozoglu F, Yanyalı A. *Clin Ophthalmol.* 2016;10:903–910.

The authors have advised that there is an error in the Statistical analysis section. Page 905, second paragraph, the text “Namık Kemal University School of Medicine Local Ethical Committee waived the require-

ment to obtain approval from institutional review board for retrospective studies” should read “Ethical approval was obtained from the Namık Kemal University School of Medicine Local Ethical Committee (2013/41/04/01)”.

The authors apologize for this error.

Publish your work in this journal

Clinical Ophthalmology is an international, peer-reviewed journal covering all subspecialties within ophthalmology. Key topics include: Optometry; Visual science; Pharmacology and drug therapy in eye diseases; Basic Sciences; Primary and Secondary eye care; Patient Safety and Quality of Care Improvements. This journal is indexed on PubMed

Central and CAS, and is the official journal of The Society of Clinical Ophthalmology (SCO). The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use.
