

Evaluating the Therapeutic Potential of Zanubrutinib in the Treatment of Relapsed/Refractory Mantle Cell Lymphoma: Evidence to Date [Corrigendum]

Sawalha Y, Bond DA, Alinari L. *Onco Targets Ther.* 2020;13:6573—6581.

The authors apologize for this error and advise it does not affect the conclusions of the paper.

The authors have advised that there is an error in Table 2 on page 6579. The values “37% (0%)” in the first row for the Ibrutinib column should read “10% (0%)”.

Publish your work in this journal

OncoTargets and Therapy is an international, peer-reviewed, open access journal focusing on the pathological basis of all cancers, potential targets for therapy and treatment protocols employed to improve the management of cancer patients. The journal also focuses on the impact of management programs and new therapeutic

agents and protocols on patient perspectives such as quality of life, adherence and satisfaction. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
