

## Class IIa HDAC Downregulation Contributes to Surgery-Induced Cognitive Impairment Through HMGB1-Mediated Inflammatory Response in the Hippocampi of Aged Mice [Corrigendum]

Huang C, Cai J, Jin S, et al. *J Inflamm Res*. 2021;14:2301–2315. The authors apologize for this error.

The authors have advised there is an error in the affiliations listed for Yuan-Xiang Tao on page 2301. The author name “Yuan-xiang Tao<sup>1,3</sup>” should read “Yuan-xiang Tao<sup>3</sup>”.

### Publish your work in this journal

The Journal of Inflammation Research is an international, peer-reviewed open-access journal that welcomes laboratory and clinical findings on the molecular basis, cell biology and pharmacology of inflammation including original research, reviews, symposium reports, hypothesis formation and commentaries on: acute/chronic inflammation; mediators of inflammation; cellular processes; molecular

mechanisms; pharmacology and novel anti-inflammatory drugs; clinical conditions involving inflammation. The manuscript management system is completely online and includes a very quick and fair peer-review system. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.

Submit your manuscript here: <https://www.dovepress.com/journal-of-inflammation-research-journal>
