

Anxiety Levels Amid the COVID-19 Lockdown in Saudi Arabia [Corrigendum]

Albagmi FM, AlNujaidi HY, Al Shawan DS. *Int J Gen Med*. 2021;14:2161–2170.

The authors have advised that there is an error in the column headings of Table 2 on page 2166. Column 3 and 4 headings “Anxiety Present” and “Anxiety Absent” should read “Anxiety Absent” and “Anxiety Present”, respectively.

The authors apologize for the error.

Publish your work in this journal

The International Journal of General Medicine is an international, peer-reviewed open-access journal that focuses on general and internal medicine, pathogenesis, epidemiology, diagnosis, monitoring and treatment protocols. The journal is characterized by the rapid reporting of reviews, original research and clinical studies across all disease areas. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
